

Discovery Education

FREE access to K-12 Learning Platform & Equity Talks Webinar Series

- [Access Discovery Education Experience](#)
Discovery Education is offering access to the **Discovery Education Experience** at **no cost** for the remainder of the school year. Schools will have access to our dynamic K-12 learning platform and its ready-to-use digital lesson plans, activities, and standards-aligned resources through the remainder of the school year, which will help teachers continue instruction as they shift to a virtual teaching environment. To request immediate access, please complete the [Experience Access Request Form](#).
- Discovery Education is also sponsoring an upcoming webinar series – Equity Talks. Please visit **Discovery Education Equity Talks page** for more information and to register! We will be featuring Dr. Greg Hutchins from Alexandria City Public Schools next month.

Here is more information on the work that Discovery Education has been doing over the last month:

- We are proud and honored to share that in the past 5 weeks alone, over **6 million new students** are now using **Discovery Education Experience** across the country, including **1.1 million students** within the New York City Department of Education (see link [here](#)).
- [Getting Started with Virtual Learning](#)
Virtual learning helps maintain engagement and continuity of learning outside of the classroom with tools that allow you to still communicate with your students, facilitate group activities, provide feedback, track student progress, and create a lasting educational impact.
- To assist educators and parents in planning anticipated shifts to online instruction, we have posted [5 Ways to Support Virtual Learning with Digital Content](#) which explores how to best utilize the **Discovery Education Experience** platform and resources to support educators, parents and students.
- **Grab & Go Lessons**
Find ready-to-use, easily adaptable lesson plans and step-by-step guides, and browse complete collections of research-based strategies through dedicated content channels, like the [Instructional Inspiration Channel](#), all carefully curated and segmented by grade level.

- **Ongoing Professional Learning Events & Resources**
To help educators find actionable advice and strategies, we are holding open [Ask Me Anything \(AMA\)](#) Office Hours through the end of March. We will also be hosting a **Discovery Educator Network (DEN) [Virtual Conference](#)** next **Thurs 3/26 - Fri 3/31 from 10:00 AM - 3:00 PM (EST)**. This VirtCon is a two-day virtual, professional learning conference showcasing practical, creative, and effective ways to maximize digital resources in a virtual setting.
- **[Help & Support for Parents](#)**
Looking for meaningful and engaging learning activities for your children? The “**[Daily DE](#)**” features a grade-band appropriate learning activity for every day of the week. From digital interactives to [Virtual Field Trips](#) to fun science experiments and more, these daily activities are great for keeping the learning going at home!
- **[Virtual Field Trips](#)**
Popular and timely Virtual Field Trips transport students to exclusive locations or popular landmarks while providing learning activities to keep them fully engaged. After the Virtual Field Trip, they can extend their learning with additional learning content and resources.
