

# K12 Learning Solutions

## FREE access to PEAK Courseware and K-12 Supplements

*K12 Learning Solutions is offering school districts complimentary access to our platform, PEAK courseware, and K-12 supplements, as a response to COVID-19.*

*This support service includes any or all of the below:*

- 1. Supporting your teachers using our online learning platform for teachers to upload their lessons;*
- 2. Supporting your teachers, using K12's curriculum and online platform for grades 6-12;*
- 3. K-12 supplemental solutions designed to prevent a learning slide*
  - **Big Universe** – digital eBook library K-12. Teachers can monitor reading usage, assign texts, writing tasks, create discussion boards as well as deliver reading diagnostics grades 1-5.*
  - **Stride** – adaptive learning tool for grades K through 8 that motivates students toward mastery and rewards learning with games. Benchmark and formative assessments built into the platform will help educators diagnose skills gaps, provide differentiated intervention, continuously monitor progress, and modify classroom instruction to maximize student achievement even when they are not in the classroom.*
