

Mind Research Institute

Free access to ST Math to help K- 8 students with math

MIND Research Institute, a non-profit research organization would like to help you support your Math curriculum needs with ST Math. ST Math, our supplemental K-8 math program, teaches math visually mostly without words.

- **ST Math**, our supplemental K-8 math program, teaches math visually mostly without words.
- **ST Math** fosters mathematical thinking and problem-solving.
- **ST Math** is based on neuroscience research and gets excellent results for all students, including your struggling readers, ELL students, and gifted.
